10 Kind Deeds

This year our organization faced new challenges as a result of the full-scale invasion of Ukraine by Russia. Many Ukrainian cities have been destroyed, families separated, and children killed, injured, misplaced, and traumatized. Over the past four months, we have been working to lessen the suffering of Ukrainians and support them through this difficult time.

1 Kind Deed One

The program of the evacuation of Ukrainian families to Sweden and Germany from the Kharkiv, Donetsk, and Zaporizhzhia regions started immediately when there was a threat to the lives of children. We acted in close collaboration with Ukrainian government authorities responsible for children in order to follow all necessary legal and humanitarian procedures. Vice Prime Minister of Ukraine signed a special order to support evacuation made by our foundation. Since the beginning of Russia's full-scale invasion, we have evacuated more than 400 families with children.

The Ukrainian Government supported Your Kindness initiatives for urgent evacuation and made relevant orders and instruction to the responsible state services for the maximum safety of families with children

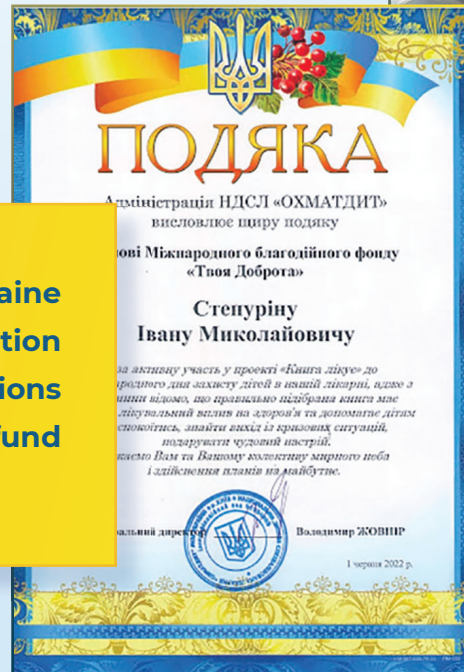

Evacuated children continue to need help with food, clothes, toys, books, and medicine. If you want to support the current program or initiate support for those who are still at risk and need evacuation, please follow this link to make a donation:

2 Kind Deed Two

We donated nutrition, medication, and toys for children in the main children's hospital Ohmadyt, and maternity hospitals in Kyiv and Kyiv region.

The largest children's hospital in Ukraine "Ohmatdyt" and the Ukrainian Federation of Professional Medical Associations expressed their gratitude to the fund "Your Kindness"

We continue to support these hospitals and are willing to expand our programs to other medical institutions.

We donated nutrition for newborn babies to maternity hospitals in Kyiv and regions of Donetsk and Mykolaiv. Many new mothers with their babies that were evacuated from different regions of Ukraine that are under attack are currently in the maternity hospital in Kyiv. This project was realized in collaboration with Stream for a Cause.

Maternity hospitals have given us lists of their needs that have not yet been met and we are looking for additional funds to purchase diapers, medicines, and baby food. There is especially a shortage of nutrition for babies with special needs. If you would like to help us in collecting funds to support these hospitals, please follow this link: <https://www.yourkindness.fund/en/donate>

We translated a medical video lesson made by Harvard Medical School that aims to teach Ukrainian doctors how to correctly perform infant endotracheal intubation. The video aims to explain how to support infants in critical conditions, who have difficulty breathing because of an illness or a trauma. With the help of this video, Ukrainian doctors can rescue infants in the most dangerous situations. Nowadays, the work of doctors in Ukraine is especially respected and in demand. In March, the whole world was shocked by the atrocities that have taken place in Kyiv region during the occupation of the Russian army. 7fields camp, located in Kyiv oblast, hosts children who have experienced the horror of Russian occupation in Bucha, Irpin, and Chernihiv. Staying at the camp allows children to get distracted from the stress of war. Each child stays at the camp for at least 12 days and participates in activities with other kids such as sports, active games, watching movies, making art, and doing yoga. Your Kindness aids by forming groups of children that are in need of a stay at the camp.

More than 150 cultural and educational influencers, poets, actors, and authors of Kyiv as well as classics of Ukrainian literature, regularly receive humanitarian support in the form of food packages. In addition, we have been organizing cultural events where famous Kyivans meet with Ukrainian citizens and children.

In collaboration with Skyline Charitable Foundation, our team launched NYC Ukrainian Refugee Relief Program. We help Ukrainians who came to New York in search of safety and who are especially in need of nutrition aid. More than 20 families received \$200 or \$100 gift cards to shop at a local grocery store. We will continue to develop this program as Ukrainians do not have work permits yet but they need to feed their families and children.

Ukrainians, mostly women, and their children came to NYC in search of safety and are currently in need of food, shelter, legal aid, and employment. If you would like to help us in further realizing projects to aid Ukrainians in NYC, please follow this link to donate: <https://www.yourkindness.fund/en/donate>

Our team became the organizer of recreation for children from Irpin, the city whose residents suffered greatly from Russian aggression. The children spent two weeks in the Italian camp of SOS Children's Villages International.

Unforgettable experiences for children and healthy summer vacations that give hope and peace, restore faith in the goodness of people's hearts!

THANKS TO OUR VOLUNTEERS AND FRIENDS!!! WITHOUT YOU, WE WOULD NOT HAVE BEEN ABLE TO REALIZE ALL THE GOOD DEEDS AND HELP MANY PEOPLE. OUR SUCCESS IS IMPOSSIBLE WITHOUT YOU

We are two sister non-profit organizations in the United States and Ukraine. Since we established YourKindness Foundation in 2017, we helped youth development in Ukraine by supporting them with books, computers, and other forms of assistance with education.

In this report, we presented to you the 10 most important kind deeds that we have realized in the first six months of 2022.

We have organized evacuation for Ukrainian families from regions of Ukraine that experienced the most brutal attacks by the Russian army to safe places in Sweden and Germany. Our charity foundation donated nutrition, diapers, toys, and other humanitarian aid items to maternity hospitals and families with children in Ukraine. We have donated books to ensure that our children have the means to proceed with their education. We have partnered with 7field camp to ensure that kids have a fun summer and help them cope with the stress of war. Lastly, we started a program of nutrition aid for Ukrainians that are currently in NYC.
